## YI TEXTS

*Wilhelm: Success. Going out and coming in without error. Friends come without blame. To and fro goes the way. On the seventh day comes return. It furthers one to have somewhere to go. Thunder within the earth: the image of The Turning Point. Thus the kings of antiquity closed the passes at the time of the solstice. Merchants and strangers did not go about, and the ruler did not travel through the provinces.*

In the I Ching, the hexagram fu, signifying the Return (one yang line beneath five yin lines) is the symbol of the rebirth of the Yang. At the winter solstice, the Yang seems to have disappeared, whereas the Yin is at its full; but this is the moment when the Yang is reborn and begins its return. Symmetrically, at the summer solstice the Yang is at the apogee of its power while the Yin prepares to return. The alteration of the Yin and the Yang is a going away and a coming back. ## Changing Lines 2,3,6

2 *Wilhem: Quiet return. Good fortune.*

3 *Wilhelm: Repeated return. Danger. No blame.*

**Wu:** *He who regains Return after repeatedly losing it will be in a perilous position, but blameless. [The person seems to be unable to stay on course, but manages to correct his error every time as soon as he knows it. A combination of vacillation and endeavor to be right earns him a passing grade.]*

6 *Wilhelm: Missing the return. Misfortune. Misfortune from within and without. If armies are set marching in this way, one will in the end suffer a great defeat, disastrous for the ruler of the country. For ten years it will not be possible to attack again.*

## Derived 26 Accumulated Merit, Power

*Wilhelm: The Taming Power of the Great. Perseverance furthers. Not eating at home brings good fortune. It furthers one to cross the great water.*

*Heaven within the mountain: the image of the Taming Power of the Great. Thus the superior man acquaints himself with many sayings of antiquity and many deeds of the past, in order to strengthen his character thereby.*

### **Notes**

- The Well is about bringing source of life up from below via agency of Wood-Wind.
- Wind moves from bottom trigram in #48 to upper Nuclear trigram in #17. Rising. Steady progress, growth, influence spreading.
- In 24 & 2 – no yang lines in upper trigram, impetus is from below = level of the People not Leader (Biden)
- #17 is Impetus / Thunder from below leading to joyful communication above
- Fruition 26 is containing power of the people within Mountain Above, which is steady, calm not violent or turbulent based on righteous strength within.
- It is hard to relate this to Biden specifically given lack of action in the leadership zones.
- The trigram with two yangs upper uses Wind strength below to draw Water up above.
- The time of the turn is Lunar New Year, usually January-February. So perhaps he will leave in January 2025...
- Echoes RFK Jr [Cast](#) 9-5 > 26 < 38 – the same Derived #26.

### **Summation**

#24 indicates a new cycle beginning, the end of the old year and the beginning of the new. So this indicates that Biden will NOT be re-elected or if so, not make it to 2029 given the working for the Query.

Rather, it seems like leadership has to come from below or related to the needs of the people below. That said, Thunder in #24 and #17 developing into 3-yang Heaven in 26 implies a building of power in the lower levels of society, aka The People who are raised into Lines 4 & 5 in #26 which might indicate leadership 'by and for the People.'
