JUDGMENT

*A great leader wielding great power
faces a threat from an inferior.
By operating from a position of magnanimity and generosity
the threat can be transmuted
and the Great Dragon realm remain.
In this way any undercurrents of discontent with the leadership
can be put to rest and stability restored.*

YI TEXTS #44 Encounter, Infiltration by Inferior Men

Wilhelm: Coming to Meet. The maiden is powerful. One should not marry such a maiden.

Image: Under heaven, wind: the image of Coming to Meet. Thus does the prince act when disseminating his commands and proclaiming them to the four quarters of heaven.

Legge: A single, magnetic line enters at the bottom of the hexagram. This is the figure used to represent the time of year when light and heat begin to wane. In the divided line we see the symbol of the inferior man, beginning to insinuate himself into the government of the country. His influence, if unchecked, would go on to grow and fill the vacant seats with others like himself. The objective of the Judgment is to arouse resistance to this evil influence.

Changing Lines 5

5 Legge: Line five is dynamic and in the ruler's place. His relationship to the first line is like that of a forest tree to a gourd growing beneath it. Force must not be used to repress or destroy the growth of line one. He must restrain himself and keep his excellence concealed. Then heaven will set a seal to his virtue. While mindful of his task of repressing the growth of the first line, he keeps his wise plans concealed until the time for carrying them into execution. Then comes the successful stroke of his policy as if it were directly from heaven.

Derived 50 Cauldron, Transformation

Wilhelm: Supreme Good Fortune, success. Fire over wood: the image of The Cauldron. Thus the superior man consolidates his fate by making his position correct.

Notes

- Legge commentary fits the query well
- Past: #34 Xi is one of the most powerful leaders in the world of largest population
- #44: Often negative, indicates negative force coming up from below – relates to query
- CL #5: warns against forcefully repressing the threat from below by holding Heaven
- #14: Fire/Sun above Heaven: Possession, Wealth; holding onto position of power
- #50: Cauldron: the situation is powerful involving transformation & human skill

Summation

There is indeed a threat from below but if well handled, without undue suppression, the threat can be transmuted into increasing Party unity. Indicates Xi is still in a strong position.
