Summation

Transmission has been received from previous study and acquaintance with Masters who showed the true Nature Mind and how to Journey over the troubled Waters of Samsara; the predicament often faced in consulting the Yi involves an element of confusion or obscurity, but by connecting with the Great Possession of the Enlightened Mind, clarity/fire in Heaven, the Fruition of Balance is naturally achieved, without effort, and ordinariness relaxes into its own. So in consulting the Yi, relax into ordinariness, like an old dog snoozing in front of the fire.
